Adna G. Wilde, Jr., then Executive Director of the American Numismatic Association.

Purpose of the Symposium, as stated at that time and continuing through subsequent symposiums is as follows:

"Purpose is to provide an interesting and instructive series of lectures, by leading numismatists of Canada, Mexico and the United States, especially designed to help numismatists, coin collectors, and everyone interested in the history, background and future of the fascinating study and collection of money of mankind."

Assisting Gould with plans and arrangements for the First Symposium were Charles M. Johnson, William O. Wisslead and Charles Colver.

Over the years that followed that first symposium, a line-up of outstanding numismatists from the three nations have made presentations at the annual symposiums. As the "Prime-mover", Maurice M. Gould served as the moderator for the first seven symposiums. Then, starting in 1972, William O. Wisslead became the general chairman and served as moderator for the sessions from 1976 through 1980. Bryan Burke took over in 1981 and functioned as moderator until 1984 when Dr. Thomas F. Fitzgerald became the CSNA Director of Education.

For support of the 1986 18th Annual CSNA Numismatic Educational Symposium, special appreciation is expressed to: the Numismatic Association of Southern California for providing lunch for the junior numismatists who attended; the California Numismatic Coordinating Council for providing collector packets for the junior numismatists; the Lewis M. Reagan Memorial Foundation, Inc. for its grant; those who made financial contributions at the symposium; those who provided housing for the speakers; and Tom Fitzgerald and his hard working committee members and exhibitors who

Of all the many numismatic endeavors of the California State Numismatic Association, the annual CSNA Numismatic Educational Symposiums are among its outstanding contributions to the hobby.

Director Dr. Thomas F. Fitzgerald, current CSNA Educational Chairman, is now finalizing arrangements for our 19th Symposium in March of 1987. Already scheduled to participate in this major event on the CSNA Calendar for 1987 are: *Kenneth E. Bressett*, who will describe and discuss "The Certification of Treasure Coins from the Ship Wrecks in Florida"; *Bill Spangler*, who will head a panel review of the "Cleaning of Coins"; and *Charles Kappen*, who will appear on a video-taped interview on the topic, "Numismatic Recollections". To round out the program, an additional fourth presentation will be selected.

We have just been notified by the Lewis M. Reagan Memorial Foundation, Inc. that it will provide a grant to CSNA to help underwrite the costs of staging the 19th Symposium. It also made a grant in support of the 1986 Symposium. Previously, the Foundation endorsed CSNA's numismatic efforts by sponsoring the Best of Show Exhibit Awards at earlier CSNA semi-annual conventions.

We express our sincere thanks and appreciation to the Foundation for its interest in and support of CSNA's educational endeavors.

With Maurice M. Gould as chairman, the initial CSNA Numismatic Educational Symposium was conducted on March 22, 1969 at Boyd's Auditorium in Long Beach. Speakers on the first symposium were: Ralph "Curly" Mitchell, Miguel L. Munoz of Mexico, Major Shelton Carroll of Ottawa, Canada; and

ESCAPE TO WISCONSIN! This was an invitation seen on a bumper sticker while we were traveling across Texas on our way to the ANA in Milwaukee.

General Chairman Kurt Krueger and his Milwaukee Numismatic Society committee made this convention one to remember. The bourse floor was laid out in a fashion to accommodate several foreign mints, a Club Midway, ANA section where you could meet the Governors, talk with Librarian Nancy Green and check your coins at the ANACS table. A lounge area was provided for people to relax and meet with friends to discuss the day's events.

California garnered some outstanding awards and I would like to extend my personal congratulations to each recipient. Gary Beedon, editor of the NASC Quarterly received the Best Regional Publication award. 25-year membership medals were given to Albert K. Hall, Kay Edgerton Lenker and the California Exonumist Society. Exhibitors from California were Dr. Thomas F. Fitzgerald, John and Kay Lenker, Al and Ginny Hall.

After a non-stop week at the convention, a "day in the country" was just what the doctor ordered. Krause Publications invited the Numismatic Ambassadors and other friends to enjoy some home-town hospitality. Northern Wisconsin was very refreshing with all its greenery and cool, comfortable temperatures in mid-August. Chet Krause had planned something for everyone. A tour of the expanded facility, a buffet was held at noon in the yard at the Thorson House; there was golfing in the afternoon for those who chose to do so; a ride in a double-decker bus to Groths Gardens to enjoy the beauty of an immigrant couple's labor in designs made of flowers and stones. That evening a steak-fry was held in the yard at the Thorson House, plus all the trimmings including a special birthday cake.

# *A Salute to the Denver Mint*

BY: NORA W. HUSSEY, SUPERINTENDENT

## THE EARLY DAYS

Established by an Act of Congress, April 21, 1862, the Denver Mint opened for business in 1863 as a U.S. Assay Office.

Operations began in the facilities of Clark, Gruber & Company, a private mint then located at 16th and Market Streets and acquired by the Government for \$25,000.

However, unlike Clark, Gruber & Company, which purchased gold from the miners and manufactured gold coins, the Denver plant performed no coinage functions and hence could not assume the status of a branch mint for the coinage of gold as first intended. "The hostility of the Indian Tribes along the routes . . . was one of the reasons given by the Director of the Mint for the lack of coinage operations at Denver."

Gold dust and nuggets brought in by the miners from the surrounding area were accepted by the assay office for melting, assaying and stamping of cast gold bars. The bars were then returned to the depositors as unparted bars stamped with the weight and fineness of the gold.

Most of the gold came from the rich beds of placer gold appearing in the streams and first discovered in 1858, the year Denver was founded. The source of gold was largely exhausted by 1867, and the miners then turned to lode mining and uncovered veins of ores having a high percentage of gold and silver.

By 1895, the aggregate value of gold and silver deposited annually at the Assay Office was in excess of \$5.6 million.

During its early years as a private mint and then as a U.S. Assay Office, the Denver plant was the city's most substantial structure and was a refuge for women and children when Indian raids threatened. By 1877, however, the structure was reported to be so dilapidated as to be considered unsafe and the building at 16th and Market Streets continued to deteriorate.

## COINAGE BEGINS

On February 20, 1895, hopes revived for branch mint status when the Congress provided for the establishment of a mint at Denver for the coinage of gold and silver.

The site for the new mint at West Colfax and Delaware Street was purchased for about \$60,000 in April 22, 1896 and construction began the following year. Insufficient appropriations to complete and equip the plant delayed the transfer of assay operations to the new building until September 1, 1904. Then, in February of 1906, the Denver facility advanced to the status of a branch mint when coinage operations began.

During the first year of operation, the Denver Mint turned out gold coin valued at \$23.8 million and silver coin valued at \$3.2 million. Coinage of one-cent pieces began in 1911 and that year 12.6 million pieces were minted.

In 1906, a total of 167,371,035 coins were manufactured. Currently the Denver Mint's annual production is over 6 billion coins.

Ninety percent silver dollars were last minted in 1935. The Coinage Act of 1965 eliminated the ninety percent silver in dimes and quarters and reduced the silver content of the half dollars to forty percent. Coinage legislation approved December 31, 1970, removed all silver from the circulating dollar and half dollar, but permitted the coining of up to 140 million, 40 percent silver Eisenhower dollars. The minting of cupro-nickel dollars was resumed in 1971.

Currently, operations at the Denver Mint are concentrated upon the blanking and the actual stamping of coins. Private contractors supply the prefabricated rolls of metal from which the coin blanks are punched.

It takes approximately 40 tons of pressure to stamp a cent or a dime; 80 tons of pressure for a quarter; 60 tons for a nickel; 110 tons for a 50 cent piece, and between 75 to 80 tons for a dollar coin.

The Denver Mint's entire production of coins is distributed through the Federal Reserve Banks in accordance with shipping orders from the Bureau of the Mint in Washington, D.C. The Federal Reserve Banks, in turn, distribute the coins to their member banks.

**NORA HUSSEY, Superintendent, U.S. Mint at Denver, Colorado**

### **VISITORS ARE WELCOME**

The architecture of the Denver Mint is Gothic Renaissance. When viewed from the street, the structure gives the impression of being two stories high. Actually, there are five floors.

The stone facing the building is Colorado granite. The Arkins granite above that (which required large slabs) was produced in Maine. Tennessee marble forms the window trimmings and Vermont marble was used on the interior finish.

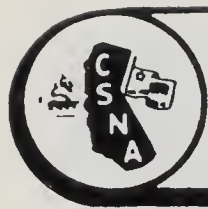

Inside, three mural paintings representing Commerce, Mining and Manufacturing adorn the area above the cornice in the main vestibule. They are the work of Vincent Adriente, who worked under the supervision of the celebrated mural artist Edwin Howland Blashfield of New York City. The main corridors on the first floor, the mezzanine and the second floor are also richly decorated and were done under the direction of John Gibson, of an old Philadelphia firm.

To meet the growing demand for coins, the building was expanded in 1936. In 1946 and 1965, new wings were added.

The Great Seal of the United States, in the form of a large metal casting, was originally placed in the floor of the vestibule. By the summer of 1961, the seal had worn so smooth it was replaced in mosaic. The original metal seal now hangs in the Gold Hall.

At the Denver Mint, the visitors may view a display of six gold bars. The average gold bar on display weighs approximately 27½ pounds. The Bureau of the Mint, including all field offices discontinued the purchase and sale of gold as of the close of business on March 15, 1968.

Souvenir coin sets, the National Medals of the United States and other numismatic items are on sale in the Numismatic Sales Room.

## Who's Who in Cal-State Numismatics

*Nancy Green, ANA National Coin Week Chairman, presents Dan Shattuc with a 38mm 1986 bronze medal.*

### **Dan Shattuc**

**CSNA #4604**

A native of the Beaver State of Oregon, Dan was born in Portland and raised in the Capitol city of Salem where his parents operated a family type grocery store. When U.S. vacationers returned from Canada, they would spend their left-over foreign coins in the store. Dan helped out as a youngster and made the most of this opportunity to assemble a collection of coins at face value. He saved sets of obsolete U.S. coins as well as those of Canada. As a youth he was very active in scouting, reaching the rank of Eagle Scout, and it was during these years that his coin collecting began in earnest.

His education at the Oregon State University was interrupted when he went into the U.S. Army. Following basic training at Fort Ord, California, Dan was assigned to the Green Berets at Fort Bragg, North Carolina, specializing in Aviation Electronics. After three years of service time and some traveling in Europe, he returned to college and graduated from the University of Santa Clara with a degree in Finance. He works as a Financial Planner in the San Jose office of a nationally known financial services company.

Dan inherited some quite rare items from his father. While growing up, he received several coins from relatives who traveled abroad and this gave him the inspiration to collect and learn more about foreign coins. His favorite coin as a child was a large Napoleonic piece given to him by an Aunt. Wanting to carry it with him at all time, he attached it to one of the belt loops on his pants. One day he noticed the loop was broken . . . and his beloved treasure was gone!

Dan is a member of CSNA, CNA, ANA, NCNA, TAMS, SJCC, PCC, CCC, Souvenir Card Collectors' Society and the Serendipity Coin Club. He served as President of the Peninsula Coin Club and the Cupertino Coin Club. He is very active in the Young Numismatists Incentive Program at Cupertino and their club field trips. He enjoys the camaraderie of belonging to clubs.

Numismatic interests cover a wide area with Canadian coins still his primary interest, not only because they were his introduction to coin collecting, but also due to their low mintage. He also collects British Province coins, such as the Falkland Islands, tokens, centennial medals from Oregon 1859-1959. He likes medals with a theme such as club medals, Statue of Liberty, Mardi Gras and medals with only 50-100 mintage per year.

After hearing Bill Fivas talk on Hobo Nickels at the 1983 ANA in San Diego, he has started his own collection of this unique art work, with little success to date.

Dan served as a Moderator for part of the Numismatic Theater at the CSNA's 76th Convention in the Spring of 1985 at San Jose. He worked on the Young Numismatist program for the CSNA's 78th Convention in San Francisco, Spring of 1986.

Nancy Green, ANA Librarian and National Coin Week Chairman, appointed Dan to chair the California Committee of National Coin Week in both 1985 and 1986. CSNA President, O.L. Wallis also appointed Dan to represent CSNA in the same capacity for those two years.

Dan has written many articles for local papers re National Coin Week and the educational benefits to be derived from the world of numismatics.

Dan has both indoor and outdoor interests when it comes to hobbies and relaxation. He is involved with the California Waterfowl Association and current-

ly serves as their Treasurer. Their goal is to preserve, enhance and expand California's waterfowl habitat. He enjoys the outdoors, hunting, camping, appreciates nature and works with scouts in building wood duck nest boxes.

This outdoor interest has led to another area of collecting — that of Duck Stamps and Waterfowl Art.

## *Inside the Granite Lady*

BY: OLGA K. WIDNESS

From my first visit to the Old Mint in December of 1971, I knew I had wanted and received, the challenge of being on a team to renovate and restore the Old Mint Building. No one would believe the way it first looked. No lights; rodents running around; fixtures missing, etc. The basement area where the vaults are had no electricity and a dirt floor. I remember Brock Brockenborough taking me around with a flashlight. You had to have a lot of imagination as to what to do in this area.

With each trip here I could see the rapid development of the restoration. What an exciting project! On opening day, Saturday, June 16, 1973, we had over 6,000 people going through the museum, most of which wanted to strike their own souvenir mint medal. The lines formed outside, 2 blocks long at times, but they were not bored as they listened to the music of the Red Garter Band from Broadway. Fortunately, we had some medals struck prior to the opening and were selling them to the crowd in line.

Under the direction of past Director, Mary Brooks, the museum came alive every few months with a new exhibit, receptions with other historical societies and the City of San Francisco. Each press release brought forth the news media and you could read about us as far away as New York. The million dollars in gold was the drawing card and is still the most popular exhibit. During Mary Brooks' term, the museum was completed with all rooms and vaults exhibiting artifacts.

I remember the weekend working with Bryan Burke, Randy Briggs, Bill Wisslead, and George Schafer (from Washington, D.C.) setting up the CSNA exhibit. What grand fellows and what a great time we had. We've all remained friends ever since. I learned so much about the history of numismatics, especially from Bryan. That man is a walking encyclopedia and generous with his knowledge and still is.

*California's National Banknotes, 1863-1935 displayed in the Old Mint Museum by the California State Numismatic Association.*

Working with changes in the administration was quite eventful. Each director brought fresh ideas and new approaches. Under the direction of Stella Hackel-Sims, I worked with Denver Mint employees in the renovation of their Numismatic Sales Room which was a great success. We uncovered a multitude of antiques, all of which we were able to use.

Under the direction of Donna Pope, we had the First Strike Ceremony of the Olympic Coins with a reception following that was very exciting. The past Statue of Liberty First Strike Ceremony seemed the best. How often do you have the U.S. Army Band perform? But after each opening, ceremony or reception that you think is the best, there is a new one that seems better.

*National Gold Banks of California displayed in the Old Mint Museum by the California State Numismatic Association.*

Creating a display of Olympic Coins at Laguna Beach in August, 1984 really topped them all. They have a Pageant of the Masters Festival where the works of art are recreated in "living pictures" on an outdoor stage in the Irvine Bowl. Last year they depicted the Gold Olympic Coin with the torch bearers. I sat in wonder not believing what I saw on stage. They use "live" performers, but they stand still for 90 seconds and it's hard to believe they're real people. A truly magnificent show that I recommend to everyone.

The satisfaction in the day to day operation of the museum is on the face of each man, woman and child as they go through the museum. What pleasure they derive from watching "The Granite Lady"; striking their own souvenir Old Mint Medal, gazing at the pile of gold bars; admiring the antique rooms; buying coins and medals in the numismatic sales room and listening to the tour guides with facts and information about the 1906 earthquake, the history of California and the history of the United States Mint. We encourage school groups, senior citizens, tour groups and the handicapped to partake of these tours and to publicize it to their families and friends.

My position as Public Area Administrator enables me to perform specialized duties with regard to exhibits; participate in conventions and meet people with an interest in the museum and catch up with old friends that still have an interest in the Mint and the museum. Working and learning from headquarters, particularly Barry Frere, has been a rich and rewarding experience. Working at the Philadelphia Mint for a few years gave me knowledge of production and the coin of the realm. All the people that have donated and loaned items to the museum I hold dear to my heart, as I hold and love in my heart, the Old Mint Museum.

*Editor's Note:* The Old Mint Museum is open to the public, free of charge, Monday through Friday, 10:00 A.M. until 4:00 P.M. Brochures are given upon request and guided tours are available.

## EDITORIAL

August 11 was the day that belonged to Cliff Mishler and Courtney Coffing, we celebrated by cutting a four-tier cake decorated with "coins". Earlier in the day, a sheet cake was enjoyed to celebrate an anniversary of Hy Brown and his wife.

A mere "thank you" to K. P. Chet, Cliff and the office personnel who made me feel like one of the family, doesn't seem quite enough. This type of friendly get-together only enhances the hobby and

bonds us together even stronger to keep the family in numismatics.

THANKS again, Chet for your hospitality.

# *Superintendent Hussey Brings Firsts to Denver*

*(Excerpts from Interview by Dr. Walter A. Ostromcki, Jr., May 19, 1982).*

Mrs. Nora W. Hussey is the seventh woman to be appointed Superintendent of the Denver facility since President Harry Truman first selected Gladys P. Morelock in 1952.

Since then, each successive woman Superintendent has added another colorful chapter to the Mint's history. Each has also left a legacy of outstanding accomplishments that will forever stand as a monument to the Denver Mint's growth and success. Their varied personalities are also a treasured part of the Treasury Department's history.

Mrs. Hussey is well on her way as Superintendent. She hopes to further increase the Mint's efficiency and productivity in the face of rising material and labor costs. This may be her biggest challenge as Superintendent.

Mrs. Hussey was nominated to her new post in March of 1981, but not confirmed by the Senate until August. Her choice brings two more firsts to the 77-year history of the Mint: First woman and first superintendent selected from outside the state of Colorado. Mrs. Hussey is a native of South Dakota, where she and her husband have resided for more than 30 years.

I interviewed Superintendent Hussey at the Denver Mint while on a special tour of the facility with a group from the American Numismatic Association's Mid-Year Convention in Colorado Springs.

After meeting Mrs. Hussey, one can easily see why President Reagan broke a long-standing tradition by selecting her from out of state. She has a dynamic, outgoing personality that leaves a lasting impression on anyone who has the good fortune to meet her.

Mrs. Hussey is very eager to learn more about the hobby she is indirectly involved with — coin collecting.

When asked about her feelings on the subject, she replied, "Frankly, I am not very knowledgeable, but willing to learn."

Mrs. Hussey followed through on this idea. She left for a visit to the convention in Colorado Springs following the group's tour of the Mint on Friday morning, February 19, 1982.

She appeared fascinated by the brisk activity around the bourse floor.

"I am amazed at the great lengths collectors go to in pursuing their hobby interests. I am equally intrigued at the high prices being paid for coins that are 50 or 100 years old. I didn't realize so many old coins were still around," she said.

Asked about the most frequently asked question in the letters she receives at the Mint, Mrs. Hussey explained:

"Well, many people write in about error coins they have in their collections (elips, double strikes, die cracks, etc.). Some are coin collectors. I suspect they are wondering if, in fact, these coins are genuine products that came out of the Denver Mint, and how did they reach circulation under our careful eye. At times, we just don't know. But when you are producing 70 percent of the Nation's coinage, something is sure to slip out by accident.

We inspect, inspect, and re-inspect. But frankly, no matter how hard we try, a few poor quality items always reach the public. I wish people would notice the over-all quality of our product and not pick on a few inferior pieces. After all, how many other industries who mass produce items for the public don't make mistakes? Collectors seem to have a special attraction for error coins. I suppose they like having an interesting conversation piece in their collections that was issued by the Mint. Maybe it's a way they can point a finger at a government agency."

Discussing the Mint's current production figures, Mrs. Hussey said the Denver Mint began its record setting production pace under the directorship of Superintendent Betty Higby (1969-1978). In June of 1969, the Mint struck 25 million coins in a day - a world record at the time.

"Today we are still making and breaking new records. In April of 1981, four months before I was officially confirmed as the new Superintendent, Denver set a new output figure of 37,320,000 pieces. By Aug. 10, 1981, it had risen to 37,414,000 coins. Then on Dec. 22, 1981, the Mint set a new all-time daily record of 38,500,

000 coins struck. This record is sure to be broken in 1982. Denver will continue to do its part in meeting the coinage needs of the public and business sectors for the 80's," Mrs. Hussey added.

When asked about her personal role in the Mint's operation, Mrs. Hussey modestly remarked, "Please do not praise me for the Mint's outstanding achievements, but rather remember all those who are involved in the process from Washington to the Mint's employees.

"Each person plays a vital role in the Mint's operation. Denver has a job to do in meeting the coinage quotas set

up for it each fiscal year. These are always on the increase. Quality and efficiency are the most important goals for the 80's. A good product makes us all proud.

"I think it is best to say Denver is but a small part of the Bureau of the Mint's total operations. There are the Philadelphia Mint, the West Point facility, the San Francisco Assay Office. Then there is the other Treasury Department Agency, the Bureau of Engraving and Printing. We are all working together turning out the nation's coin and currency. Denver is but a part of this grand scale operation," Mrs. Hussey said.

In October, the Bay Cities Coin Club will hold its 500th meeting. All members, current and former, are encouraged to attend and share some history. Plan to attend and have an excellent meeting.

### LUCKY BIDDERS

Sixty-five were present for the special auction conducted recently at the Glendale Coin Club.

### A GOLDEN TREAT

Congratulations to Thomas and Jeanne Wood of the Glendale Coin Club on the celebration of their fiftieth wedding anniversary. May they enjoy many more!

### A GRAND TOTAL

The West Valley Coin Club's excellent secretary, Kay Northam, reports the club is only seven members away from the lucky 1000th one. Perhaps by the time you read this, they will be working their way to member number 2000.

### HAPPY BIRTHDAY TO YOU

The Verdugo Hills Coin Club celebrated their 22nd birthday party with a cake and happy times. Birthdays may not be good as far as some individuals are concerned, but for coin clubs, it is indeed special.

### HIGH SCHOOL GRADS

Congratulations to John and Scott Fratzhe of the Whittier Coin Club as they graduated from La Mirada High School on June 18.

## IT'S A LONG TIME FROM JUNE UNTIL DECEMBER . . .

Many clubs hold Auction Sales near the conclusion of the meeting. Bill Wisslead recently conducted a sale at the Long Beach Coin Club and announced the last coin had to be sold or no one could leave. After having no bidders, Bill reluctantly had to allow people to leave, thus ending what could have been the area's longest coin club meeting ever.

### A SILVER AFFAIR

The 25th Anniversary Banquet of the Downey Coin Club is now history. A total of 63 members and guests attended the gala affair. Two of the waitresses took chances on the silver dollars being raffled off and each won! Five charter members were presented with special 25 year Membership Cards. Congratulations to Bob Davis #1, Rush Swich #5, Dorothy Anderson #11, Wendall Markham #63 and Albertus Hooegeveen #84.

### A WINNER!

Congratulations are in order to writer and editor Murray Singer of the *Oracle*, chosen by the A.I.N.A. as the best Israel Numismatic Society Club Bulletin for the past year! The club was awarded a beautiful plaque and a check for \$100. Thanks are extended also to Assistant Editor Syd Singer and Paul Borack, who takes care of printing and mailing.

### AND THEY STILL LOOK LIKE NEWLYWEDS!

Corky and Awanda Ayers became great-grandparents on April 8 as one of their granddaughters, Lori Lindsey, gave birth to twin girls. Congratulations to the youngest Great-Grandparents in the country!

### NEW OFFICERS

Paul Borack installed the following officers at the July meeting of the Glendale Coin Club: President, Bea Young; Vice President, Bill Randolph; Secretary, Carol Booth; Treasurer, Barbara Kirk; Assistant Secretary, Dennis Rocklein; and Assistant Treasurer, Mable Anderson.

THANK YOU! THANK YOU!  
THANK YOU!

With every newsletter received, it is always interesting to note that speakers seem to travel great distances to give presentations. The love of the hobby is

overwhelming. Some of the speakers who contributed in this manner the past quarter include Bill Wisslead, Al Hall, Dr. Walter Ostromecki, Jr., John and Kay Lenker, Dr. John Venable and Phil Iversen. There are others also. Thank you speakers, one and all, for your efforts. The program planner and all members of the various clubs appreciate it!

### GET WELL WISH

A Get Well wish comes from all of us to Virginia Hall, who recently underwent surgery on her eyes. An outstanding person and a great hobbiest doesn't deserve bad news.

### COIN SHOW IN VENTURA

The Ventura County Coin Club will hold their 26th annual show at the Holiday Inn in Ventura on September 7. The Holiday Inn is located beachside and spending a Saturday night there with the show the next day is a treat. Drawing for the door prize should be interesting as a 3-piece Statue of Liberty proof set will be awarded.

---

### RECOVERING FROM SURGERY

Joyce Kuntz recently underwent surgery on her knee.

Barbara Hyde is at home after back surgery.

Get well wishes from all of us to you both!

Dear Chuck:

Thank you for your recent note regarding legislation to restore the San Francisco Assay Office to the status of Mint. While Congressman Annunzio can be given credit for offering this change, the important issue is the fact that we were able to get House passage of the Mint designation.

As you know, I was a previous sponsor of legislation to designate the San Francisco Assay Office as a Mint. After years of internal debate on this issue, we were able to convince the Chairman of the House Banking Subcommittee on Consumer Affairs and Coinage to include this language as part of the U.S. Mint Budget Authorization. Unfortunately, our next obstacle is the Senate, which has not approved a Mint Authorization bill in a number of years. However, we will be looking at other vehicles to get the redesignation legislation approved. I will keep you informed of any future progress.

Thanks again for getting in touch. I'm confident we can win this one, and appreciate your continued support.

Sincerely, •

You are invited to display a numismatic exhibit at the California State Numismatic Association's 79th Semi-Annual Convention, October 10-12, 1986, at the Los Angeles Airport Hilton Hotel, 5711 W. Century Boulevard, Los Angeles, under the following rules:

1. The exhibition of numismatic material, open to all collectors, will be **competitive**.
2. Requests for exhibit space must reach the Exhibit Chairman not later than one week before the opening day of the convention. Requests received after that date will be subject to availability of space. There is a limit of three (3) cases per exhibit, subject to revision after deadline date, as space available permits, and with the approval of the Exhibit Chairman. Cancellation of any exhibit should be made to the Exhibit Chairman in writing.
3. Exhibits may be installed after 6:00 P.M., Thursday; must be in place not later than 8:00 P.M., Friday; and may not be removed prior to 3:00 P.M., Sunday. (Permission to remove any exhibit before this time must be secured from the Exhibit Chairman in advance.) After an exhibit has been installed, no materials may be removed from it for sale or other disposition before the official removal time.
4. An exhibit identification card, furnished by CSNA, will be placed in the upper left corner of each display case. All competitive exhibits must be bona fide property of the exhibitor. No advertising or other commercialism, or the name of the exhibitor shall be allowed in any competitive exhibit.
5. Exhibit cases will be furnished by C.S.N.A. or the exhibitor may use his own. Exhibitors should indicate their needs when making application and give details of what they have for their use. Most C.S.N.A. cases are 20" x 20 1/4" inside clear exhibit space; some are 1 inch deep, others about 3 inches deep. Each C.S.N.A. case has a lock. Keys to the C.S.N.A. cases will be in the possession of the Exhibit Chairman but no case will be opened except in the presence of the exhibitor. You are encouraged to provide your own cases. All private cases must be adequately locked.
6. Adequate security will be in effect beginning at 6:00 P.M., Thursday through 5:00 P.M., Sunday. Exhibits installed prior to, or removed later than this period shall be at the exhibitor's risk. Due precautions will be exercised at all times during this period but no responsibility shall attach either the California State Numismatic Association or the host club, their officers, members and/or any committees for any loss or damage to exhibits.
7. Each competitive exhibit will be judged and based upon the judges' decisions. C.S.N.A. will award suitable awards at the Awards Banquet on Saturday night. Only C.S.N.A. members are eligible to receive the Best In Show Award. An exhibitor may not receive more than one **Place Award** for exhibits in a single category. Minimum scores for winning exhibits are: first — 85 points; second — 75 points; third — 65 points (Average of all judges' scores).

*Stanley Turrini*, Show Coordinator, reports that although they experienced some weak points, (i.e.) attendance was down at the collector meetings and the Educational forum, by most standards, it was a successful show. A fun filled evening was enjoyed by the 38 members and guests who attended the May 16th Pot Luck Dinner. The dinner was held to express appreciation to the membership for their hard work at the club's Coin Show. Prizes were plentiful (38 for the drawing, raffle and bingo games). *Frank Greengass* won 4 of the 5 silver dollars. He was also presented with a 5 peso Mexican coin in recognition of his sales of 145 books of raffle tickets.

Congratulations to *Ken Hanson*, whose design was chosen as a permanent feature of all future NVCC rounds. It will appear on the club's first silver round.

#### DENIS HOOKER ELECTED TO SAN JOSE COIN CLUB HALL OF FAME

#### SAN FRANCISCO COIN CLUB PLANS 26th ANNUAL BANQUET

Members are having difficulties trying to decide between the eight choices of entrees being offered at their banquet. The annual event will be held on October 18, 1986 at the Granada Cafe in San Francisco.

With regret, *San Francisco Coin Club* heard of the death of member *Victor Titoff*, renowned collector and numismatist. At the time of his death, he was writing a catalog of gold coins. He was especially well known for his award winning exhibits. He will be missed.

#### SUPER RAFFLE TO BE HELD IN AUGUST BY FREMONT COIN CLUB

A numismatic trivia game was the theme of the May meeting. *Ed Fulwider* won 1st prize; *Mark Clark* and *Bill Davis* tied for 2nd place and *Dave Lange* finished in third place. The June meeting featured a slide presentation from the *ANA* on *Hard Time Tokens*.

#### CHANGES MADE IN DELTA COIN CLUB MEETING

In an attempt to adjourn their meeting earlier, DCC is beginning their meetings at 7:30 p.m. The auction follows the raffle, so that those not interested in the auction can leave. *Delta Coin Club* meets at the *St. Pauls Community Center*, 2220 W. Alpine St., Stockton.

A great time was enjoyed by 70 people at the *Annual Casino Night*. Games of Black Jack, Bingo, Dice and Chuck-a-Luck were played for play money. Hard workers who provided the fun for the group were *Rose Nave*, *Elizabeth Johnson*, *Fred Nave*, *Loris Enzinger*, *Bee* and *Brent Grimm*.

June 22nd was the date of the *Annual Picnic*, held at *Casa de Lodi Mobile Home Park*. The way *Delta Coin Club Newsletter Editor*, *Syd Kass*, describes the location "secluded in the shelter of trees and the *Mokelumne River* with a

mountainous atmosphere" — it sounds wonderful! Refreshments included hot dogs, hamburgers, beer and soda provided by the club and the remainder provided as pot luck by the picnic-goers.

#### DON THRALL SHARES HIS KNOWLEDGE OF BANK NOTES WITH PACIFIC NUMISMATIC SOCIETY

*Don*, who is noted for his expertise in the field of numismatic paper, was featured at the April meeting. He provided slides and examples to illustrate his interesting talk on Bank Notes.

*O.L. Wallis* reports that member *Osmyn Stout*, is feeling much better and getting around with a walker. That is certainly good news.

Congratulations to *Mark Morris*, who will be receiving a medal commemorating fifty years of membership in *ANA*, at their convention this summer.

#### AL HALL FEATURED SPEAKER AT FRESNO NUMISMATIC SOCIETY MEETING

Undaunted by a 250 mile trip from his home, *Al Hall* presented an outstanding talk on the *Statue of Liberty*, which was re-dedicated on its 100th anniversary, July 4th. His presentation included a short movie, personal items and a great deal of knowledge. It was enthusiastically received by the members.

To commemorate the club's 40th Anniversary, a limited issue in silver and bronze medals will be struck.

Plans are progressing for *FNS' 20th Annual Coin Show*, November 8th and 9th. Other hobbies night was the theme of the June meeting. This annual event always provides an evening of fun.

#### JACK RODGERS APPOINTED COIN SHOW CHAIRMAN BY REDWOOD EMPIRE COIN CLUB

With a committee which also includes *Roy Roberts* as Vice Chairman and *Lorraine Farnsworth* in charge of publicity, *RECC* prepared for their upcoming show. *Editor Gary Johnson* stated that

"we'll be glad when *Ozzie Stout* gets better and returns, because among other things, it takes two people to replace him.

The club's six month drawing now consists of three prizes with values of approximately \$30, \$20, and \$10. There is a limit of one prize per member every six months. The monthly raffle prize value has been increased to \$50.00.

## *The Way It Was . . .*

### **Santa Barbara Convention**

California State Numismatic Association, originally formed in Santa Barbara in 1949, returned to the "Queen of the Missions" city for its 33rd semi-annual convention, November, 1963.

The Exhibit Building, Earl Warren Showgrounds (shown above) was the headquarters and housed the bourse, exhibits, forum, business meetings and many other functions. It also contained a restaurant. A shuttle bus provided free transportation to the State Street motel row.

The ladies enjoyed a Friday luncheon, a fashion show, a guided tour of the beautiful city, the waterfront and the University of California at Santa Barbara campus. This was called the Ladies' Luncheon in 1949, but men were also invited.

The Friday Night Forum featured Federico Claveria with a talk on "Coins of Maximilian of Mexico" and Abe Kosoff regarding "Territorial Gold."

Special visitors were four representatives from the Numismatic Association of Lower California at Tijuana headed

by their president, Jose Rocha.

The downtown El Paseo Restaurant was the setting for the Saturday night banquet with 156 in attendance. This delightful early Spanish-California type building had a ceiling that opened to the stars. After a fine prime rib dinner, master of ceremonies Charles Colver introduced Miss Lei Aloha and her troupe of Hawaiian dancing girls. An added attraction was the hula demonstration by three CSNA members, whose names had best be left unpublished. (Anyone in attendance remember these fearless CSNA members?)

CSNA President Winn Osborne and his committee were very satisfied with the 2400 attendees. Thanks to General Chairman Harry Kaplun, Bourse Chairman Don Jurgensen; Secretary Gwendolyn Sentis; Exhibits, Ray Bower, Publicity; Robert Barber; Treasurer Federico Claveria; Security, Joel Honey; Luncheon, Pat Schuette, Registration, Rudy Wukaseh; Electrician, Ray Woodhouse; Librarian, Herbert Seidler.

Thanks for the memories!

# *U.S. Gold/Silver Bullion Coins*

Public Law 99-185 of December 17, 1985, the Gold Bullion Coin Act of 1985, provides for the Treasury Department to mint and issue gold bullion coins which will be the first ever issued by the Mint.

There will be four denominations of gold coins — a Fifty Dollar coin containing one ounce of gold; a Twenty-five Dollar coin containing half-ounce of gold; a Ten Dollar coin containing a quarter ounce of gold, and a Five Dollar coin containing one-tenth ounce. There will also be a Silver One Dollar coin containing one ounce of silver.

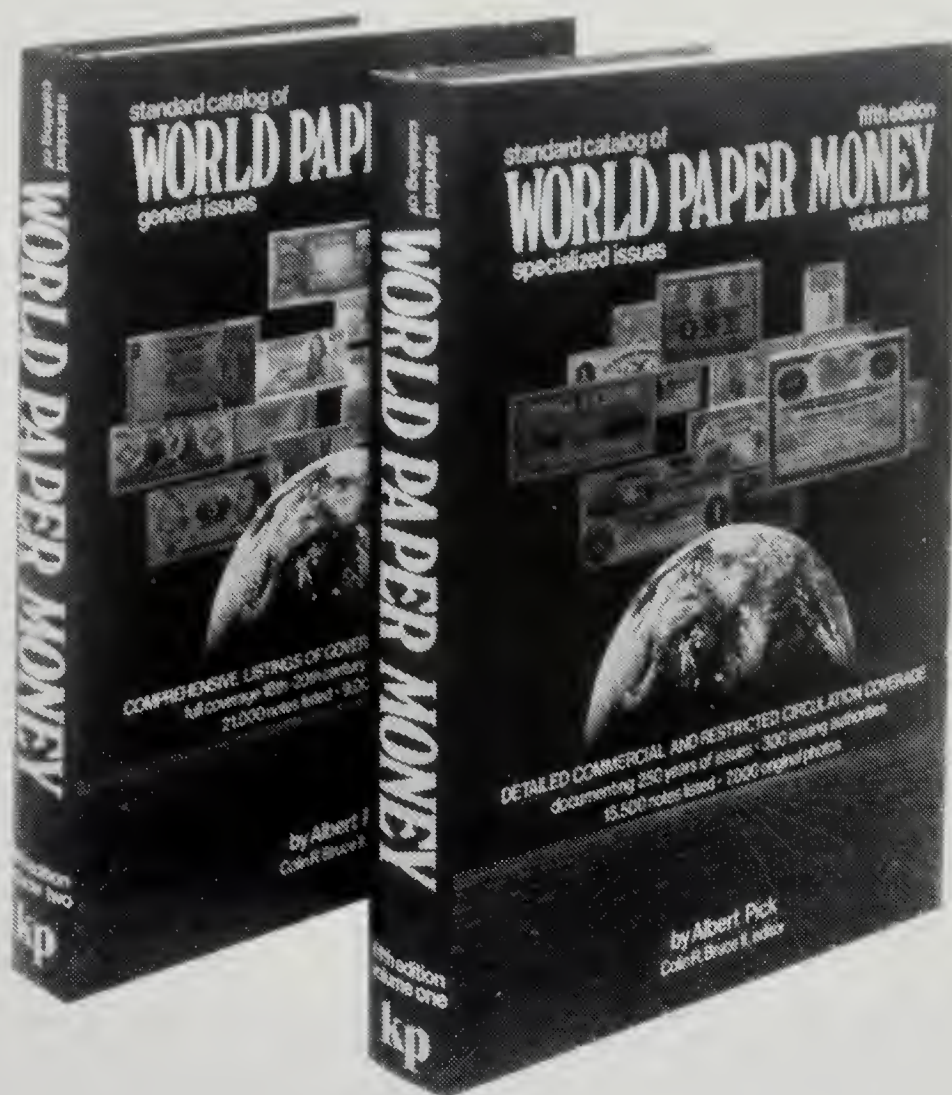

Sale of the gold bullion coins will begin October 20, 1986 through a network of coin dealers, precious metal traders and other distributors of bullion coins and sold at the spot price of bullion plus a premium.

*The gold coins have the Augustus Saint-Gaudens obverse design of Liberty used on U.S. Twenty Dollar gold pieces from 1907 until 1933. The reverse of the coins features a "family of eagles," symbolizing the unity and family tradition of America.*

*The silver coin has Adolph A. Weinman's Walking Liberty design used on U.S. Half Dollar coins from 1915 until 1947. The reverse design is a rendition of a heraldic eagle with shield holding arrows in one talon and an olive branch in the other.*
